

"Your instrument saved my life. I can not thank you enough."

K. Mahaney, Truck Driver, May 2006

"Pocket CO is the best instrument I have used."

T. Hirt, Truck Driver, May 2006

"...provided me with great peace of mind."

"...you've built a great little instrument."

Dr. H. Wohltjen, pilot and sensor expert, Aug 7, 2005

"I have more than gotten my moneys worth."

D. Marshall, Strang Heating, Richland Center, WI, Jun 2005

"...Sensitive and resilient enough to consistently provide accurate readings after multiple heavy exposure."

"...Remarkable for its size"

"...Top Value"

Aviation Consumer.com Volume 35, Number 11, Nov 2005

(National Magazine performing independent test of CO monitors)

"I am delighted with the size of the unit, which I keep on my airplane's key chain. This ensures that it accompanies me on every flight. Knowing the potential dangers from even a small exhaust pipe leak, it was a relief last winter to know that the cabin was free of CO, especially with the cabin heat turned on. "

Peter Bruckner, Skyhaven, NH
